## Accused Lived With Widow of Victim, Charge

Court Setting Likened to One of Tolstoy's Grim Novels When Confessed Killer Appears For Hearing

NORTH BATTLEFORD, Sask., May 12.—Speaking in broken English in a setting which resembled a dramatized version of one of Tolstoy's tragedies, rather than proceedings in a British court, William Bahrey, accused of killing his brother-in-law and his bigamous brother-in-law, last November, Thursday at his preliminary hearing for the two murder frank admitted killing the two men. He was committed to stand trial at the next court of King's Bench at Battleford.

Asking permission to make a statement, Bahrey, after being sworn by the court, told of his reasons for his actions. He declared his brother Alex, whom the crown alleges he killed on April 10, had treated his wife badly on frequent occasions, several times calling her vile names and even striking her. He swore his sister-in-law, with whom police allege accused lived in the last few months, knew of this killing.

Bahrey also said the widow of his brother, Marie Tereasa, husband of Annie Bahrey, who after marrying the Bahrey girl was found to have a wife alive in Poland.

The murders occurred in the Whitehorse district, 40 miles north-east of here, and the second killing was unprovoked after Bahrey had given R.C.M.P. a statement last Monday following the request into the remains of Alex Bahrey found in a strawstack on a neighbor's farm in the Whitehorse district.

Bahrey said he placed both bodies in strawstacks after killing the men and then set fire to the straw. He threw himself on the mercy of the court, showing deep feeling as he testified, despite the brutal frankness of his evidence.

## GERMAN EDITOR CONFIRMS STORIES OF NAZI TERROR

Continued from Page 1

Germany till April 21, was compelled to flee when he learned that the Nazis had decided to place him in "protective custody." He returned from active journalism two years ago. When the Nazis came to power he quickly started on a tour of Germany to investigate conditions and the effects of the new ideology of Teutonic furor. He did not publish a word in the Reich, but in the second part of April the Nazi political police, calling at his house in one of Berlin's suburbs, and finding him absent, started on a frantic search. Orders were given to prevent, at any cost, the escape of Dr. Bernhardt across the frontier, where his authoritative voice might do incalculable harm to the government of Adolf Hitler.

The manner in which this aged man nevertheless managed to evade the clasp on the part of what is called the most efficient police in the world, remains a secret. The government of Germany has offered a prize for information on the subject. Herr Goering is convinced that there is a secret organization in existence at present which has

for object the transfer of prominent intellectuals to foreign countries.

CONFIRMS FIRST REPORTS

Dr. Bernhardt's "falsely and unsubstantiated" confirms the reports published by The Edmonton Bulletin and other foreign liberal papers on the Hitlerite wave of terror, naming many instances of gruesome atrocities which were to his personal attention. All the German government can say in reply to Dr. Bernhardt's unsubstantiated charges is that the sixty-five year old liberal has probably become a Communist, which is about the same order of foolishness as Hitler's recent pronouncement on the need of short pants for all be-man Teutons. These Knights of the Swastika do not seem to realize that liberalism, as Dr. Bernhardt and The Bulletin understand it, is a creed of protest as well as of performance. They seem to take with that unfathomable mentality of national chauvinism of immediately their opponents raise the mailed fist and the language symbols of intolerance. They may now see that they made a colossal blunder in underestimating the combative of liberalism throughout the world.

## Nazi Wrath Slashed By British Veteran

English Socialist Leader Assails German Representative as Plotting Against Parliament

LONDON, May 12.—Capt. James E. Sears, great war veteran, calmly admitted at a police court hearing today that he had stolen and damaged a swastika-embellished wreath Chancellor Hitler's envoy, Dr. Alfred Rosenberg, had placed at Whitehall cenotaph.

At the same time, in the house of commons, the German embassy was being assailed as a Fascist propaganda, aiming to overthrow the British constitution, and demands were made that he be sent from the country.

Capt. Sears, who wore a British legion badge, declared he deliberately had driven to the war memorial, slashed the wreath, and driven off with it as a protest

throwing this house and the constitution of the country."

He maintained a propaganda organization was being set up in London by members of Chancellor Hitler's Nazi party in order to foment discord.

## 'Peg Musician Tells of Love For Zybszko

Music Tutor Seeks \$100,000 Balm From Wrestler, Charging He Failed in Promise to Marry Her

NEW YORK, May 12.—A tale of romance, gone astray, was told in Justice Julius Miller's court here today when Wladislaw, an old-time music teacher from Winnipeg, presented testimony in her \$100,000 breach of promise suit against Stanislaus Zybszko, the wrestler.

Miss Blusack, 28, slim and blonde, said that soon after she met the veteran hockey gagger in Winnipeg late in 1926, he proposed and was accepted. From Poland, whence he went presumably to arrange the wedding, she said he wrote:

"I never thought that beautiful girl like you would like a person like me. Sometimes even the monster has good luck."

Miss Blusack testified she received several other letters from Europe. Finally, a letter she sent to a hotel Zybszko owned in that country, was returned unopened with the notation that no one of that name was known there.

The veteran wrestler, so large and muscular the court said he occupied barely contained him, likely will take the stand later in the day.

## RAINS DELAY SEEDING IN NORTH AREAS

Farm Operations to be Continued as Soon as Land Dries Out

Heavy rains which covered practically the entire Peace River territory have retarded seeding for several days, according to the crop report of the Northern Alberta Railways for the week previous to May 1, issued on Friday under authority of John Callaghan, general manager.

Latest reports are that weather has turned warm and that spring operations will be resumed, or commenced as the case may be, as early as possible.

From Dawson Creek comes word that work on the land will start in from three to four days. Prior to the rain, the late snow had held up work.

At Peace Coulee it is expected that seeding will commence in about one week. At Ryton, where there were heavy rains over the week end, it is expected that seeding will start by the first of next week.

WEATHER WARM

At Beaveridge it is expected that spring work will start by Saturday. No spring work has been done at Wembley on account of recent heavy rains. The weather is now warm and work should begin by Saturday.

Two inches of rain fell over the last week-end at Grande Prairie. It is expected that seeding will start by Saturday.

Although heavy rains delayed seeding at Clairmont it is expected that the work should be started in a few days.

Weather is now fine at Steamboat, but work on the land will not begin until the first of next week.

From practically all sections of the area the same reports are coming in.

However, there is no apprehension felt about the crop. It is expected it will be sown in time to get the full benefit of the growing season.

# Married Women's Relief Question May Be Re-Opened

## BUT WESTERN CITIES MUST MAKE DEMAND

### Premier Not Averse to Consideration of Costs Question Again

If western cities united in a demand for the Dominion government to take over a larger share of the cost of married women's relief, he would have no objection to again turning up the question with the Dominion, declared Premier J. E. Brownlee on Friday.

Continuing the Premier's explanation that this form of relief at present carried out on a three-way split, with the Dominion, provincial and municipal administrations each bearing one-third of the cost.

There had been no indication from the Dominion that it would bear a greater portion of the cost than the one-third share allocated to its share.

### JOINT REQUEST

At the Dominion-Interprovincial conference held in January this year, the Dominion government requested that a larger share be borne by the provinces.

It had been refused and since that time had not been raised in the Dominion from Ottawa that any change would be made in the distribution of costs.

How a request from the west that the Dominion share be increased would be received, he was not prepared to say.

It is understood from other sources that some of the western provinces had not joined in the request for a larger Dominion contribution.

## MUSIC FESTIVAL OPENS FRIDAY

By private motor car and truck students of rural schools in the Edmonton school inspector—several hundred of them all took—arrived in this city Friday and converged on the Music Festival, to participate in the first annual musical festival of the province.

Solos and other musical items, dramatics and recitations, were included in the program, which commenced at 9 a.m. and continued throughout the day.

Whole schools, accompanied by their teachers, were seen parading to the side bearing the identification of the school.

Soon the hall was filled with pupils singing their choruses and performing their dances.

This is one of the five new festivals to be started in the province this year.

## WOMAN'S BODY FOUND FRIDAY IN CITY POND

Mrs. Elizabeth Wylie Had Been Missing From Home Since Thursday

Lying face upwards, the body of a woman was found in a pond at 127 avenue, missing from her home since early Thursday morning, was found in a shallow water of a small pond on Edward's farm in the North Edmonton area. The body was found by the city police shortly before noon Friday. Object of a city-wide search in which the entire police department under Chief A. G. Shute's orders took part, the woman was found by a young member of one of the search parties.

Coroner Dr. E. A. Brathwaite, after examining the body, stated that it was that of a woman.

Found lying in less than six inches of dirty slough water, the body was found for at least 12 hours, according to the findings of the coroner's examination. Although no violence is suspected, a post mortem will be held to confirm a suspicion of poisoning.

### SICK FOR SOME TIME

Sick mentally for the past six weeks, the unfortunate woman left her North Edmonton home at 8:30 a.m. Thursday and did not return.

She was followed west along 128 avenue during the morning by a patroling officer.

When she failed to return after a lapse of several hours, police were notified and her description broadcasted in the city.

Friday night that she had seen a woman, answering to the description, acting in the same manner.

Police, when they were notified, were told that she had been seen in a housewife could be found.

Second, a grave search of the housewife could be found.

When found in the slough the woman was lying on her back, her head was on the left about 24 hours before she was found.

Police are taking the body to the morgue for a post mortem examination.

Deceased is believed to be her husband's only child.

## Cora McPherson Gives Spirited Denial When Love Theft Charged

Continued from Page 1

believed him and trusted him. The latter part means that if she had fought me with love—love for him, whether she loved me or not—that would have been all.

### Trial Judge Intervenes

After this ordeal, Mrs. McPherson was allowed a breathing spell by his Lordship, and counsel took over a number of her replies given in her examination for discovery.

One related to a visit she made a doctor in Victoria while on the coast trip with her husband and Mrs. Matten.

Witness—Yes. At the request of others, and knowing that was not.

Q—He found you were not pregnant.

Q—That is so.

Q—You told Mr. Maclean that your husband and Mrs. Matten held you down on the bed at Victoria, yelling at you: "Confess! Confess! You did not mention that in your examination for discovery. Why was that?"

A—I didn't recall the incident at the time.

A—I didn't recall the incident at the time. I was exhaustedly cross-examined by Mr. Woods along the following lines:

STILL UNDER FIRE

MR. WOODS—Reading from the letter written just prior to the 11th of October: "I am sure you will understand my position. I am sure you will understand my position. I am sure you will understand my position."

Q—That would be, would it not, in answer to a communication from you to her in which you asked her to come to Winnipeg and live with you? A—Yes.

Q—We will go on, "I am sure you will understand my position. I am sure you will understand my position. I am sure you will understand my position."

Q—And you were all to hear each other in this circumstance. You knew she was not pregnant. You knew she was not pregnant. You knew she was not pregnant.

DIDN'T WANT ROY

Q—She seems to think I am determined to get Roy. I am not. Did you think it would be any comfort to Helen to have Roy?

Q—That was true up to the time when she was pregnant. I did not determine to get Roy. A—Yes.

Q—Suppose my one would condemn you. You have been condemned. You have been condemned. You have been condemned.

Q—This is the letter in which you asked me to come to Winnipeg. You asked me to come to Winnipeg. You asked me to come to Winnipeg.

Q—If I had ruined my life in spite of your kindness, surely people

Graceful Jean Parker, Hollywood actress, seems to float along as buoyantly as the balloons she carries in her arms.

Q—"I wish you would read that letter to me. I would like to see it."

Q—"I will try and be more kind to you in the future. Have you been very kind to him since then?"

Q—"At last I know what he has told me. What is it?"

Q—"I think I read it. I think I read it. I think I read it."

Q—"What was the reason?"

Q—"That is what you thought at the time you wrote the letter?"

Q—"And at last I know why you say, while there is life there, I will try and be more kind to you in the future."

### BRON BARES ARCTIC EPIC AND TRAGEDY

Three Frozen Corpses Final Chapter of Successful Treasure Hunt

MONTREAL, May 12—A special cable from London to the Montreal Star says:

Mr. R. B. Bares, a Canadian Arctic explorer, has returned to Montreal after a three-year expedition to the Arctic. He has brought back with him three frozen corpses, which he claims are the remains of three men who perished in the Arctic.

Bares' expedition was a search for the Northwest Passage. He and his companions, including a woman, were stranded in the Arctic for three years. They survived on seal and walrus meat.

Bares' story is being told in a series of lectures in Montreal. He is also writing a book about his experiences.

The lectures are being given at the Grand Theatre. Bares is being paid \$10,000 for his story.

## ABBOTT LIKES PROSPECTS CLIFF "LEFTY" BOGSTIE

### Intends Starting Southpaw On Beavers' Return From South

When the tall, slender form of Cliff Bogstie unlimbed onto the pitching knoll at Diamond Park one summer afternoon last year in late August to oppose Cadomin Miners for the Alberta baseball championship, he was a member of the Naamne Athletics. Today, the same youngster, still shy of the voting age, appears to have made the grade with the champions of the Pacific Coast League, Portland Beavers.

In a letter received yesterday by John Durey, Cliff tells of many interesting happenings taking place in the first Double-A wheel, but that is more pleasing to the fact that this kid from the town of Gleichen has come along fast under the expert eye of the blemishless Beaver skipper, fiery old Spencer Abbott.

The Abbott Man has been gradually winning the ace on amateurism's youngster's sine training activities since. Starting with 25 candidates, the Portland boss can now count about 30 athletes, sporting the fancies of the law of the game.

Through all this training process, Cliff has proved in the greatest way—ample proof that the Gleichen wrong-armed possessor more than his glove and uniform when he reported to the Beavers.

The Portland boss is now engaged in a series with the Hollywood Stars under the movie crier. Abbott released a pitcher and outfielder before embarking for the south.

Bogstie was tied into the head office along with another fly chaser and Boz Abbott instructed them that they were to remain at home and work out every day. Spencer voted Lefty to work on his con-

Should Bogstie display enough ability to warrant him a contract with the Portland club, then Lefty has certainly made good with the Portland club to the Pacific Coast League is a big jump and, without seeming too optimistic, it would appear that this silent, far-flung acrobat may some day get a chance in the big leagues, the goal of every ball player.

## COURT SEASON IS UNDER WAY AT RED DEER

### High School Players Re-organize for Busy Summer Season

RED DEER, May 12.—This week will see tennis players at the Red Deer High School grounds. The re-organization of the tennis club is under way. The new officers are: President, Jack Alworth; secretary-treasurer, Ted Graham; executive, Miss Audrey Stephenson; Bill Payne and Charlie Wood.

Work is going ahead in getting the two courts at the school into playing shape and the students expect to have everything ready for the start in a few days. The late weather, together with recent wet weather had held up tennis, but with the promise of fine weather now the enthusiasts will soon be swinging their rackets again.

Quite a few of the high school players are joining the Red Deer Tennis Club which they got good experience against older and more seasoned players. The annual spring tournament at the school will likely get under way soon, and it is expected that the school will give the students an active program for the season.

The weekend evening saw the opening of the local tennis season by members of the Red Deer Tennis Club. The weather was playing shape and a good number of the enthusiasts of the game were on hand to take the kinks out of their system after the long winter.

All Wednesday afternoon it being a half-holiday, saw the courts of the school much actively. Members turned out in good numbers and rolled and dragged the courts. Stale was put down on one court and tapes and nets placed on both of them. Some more work remains to be done to fences and other equipment before the grounds will be in first class shape.

The courts will be put in good condition this year with a re-turfing of shale. Five tons of shale are being brought over from Stier and will be used to the best advantage. Indications are that it will also be necessary to add another court this season, through the press of membership. This can be done without a great deal of expense it is thought.

Additional officers have been named to complete organization of the club and the officers, committee for 1933 stand as: President, Jack Knight; secretary-treasurer, Colin Clarke; secretary-treasurer, Ted Robert; executive, N. H. Scott; E. R. Wells and the officers: Jack Knight and Mrs. D. S. Hattie; entertainment committee: Miss Audrey Stephenson, Miss Eve Nichols and Miss Ethel Noll.

Membership fees for the season have been set at senior \$5, married couples \$8; family tickets \$10; juniors \$5.

Around fifteen players have been lined up as members to date and there are many more intending to join. With two courts in playing shape and promise of a third there is indication that the list will rise rapidly. To officially open the season it is proposed to hold a strictly club tournament on the grounds May 24, or on Wednesday, May 31. Matches against other clubs in Central Alberta and club competition will give members an active season of sport.

### Long-delayed Feather Go Is Postponed To May 19

NEW YORK, May 12.—The long-delayed title bout between the Chocolate Kid from Cuba, recognized in New York State as the featherweight champion, and Seamus Tom Watson, holder of the British crown, was postponed yesterday when the elbow flinch required at his training quarters in Orangeburg, N.Y.

As the result the 15-round bout, scheduled for last night in Madison Square Garden, now has been moved back to May 19—contingent on Chocolate recovering from a severe stomach attack in time to resume training.

Dr. Vincent Nardello, New York State Athletic Commission physician, examining Chocolate and following his report, the commission approved the Garden's request for one week's postponement of the match.

Red Deer Golfers Inaugurate Season  
RED DEER, May 12.—Red Deer golfers are away to a healthy start at the 18 hole course, the Red Deer Golf and Country Club, when the annual President vs. Vice-President competition starts this week. The draw has been made, showing a total of 42 players in the field. This is a greater number than for some years past and augurs well for the membership this season. All matches in the competition are 18 holes, match play, without handicap. A "get together" of the players in the club house on Wednesday, May 17 will wind up the match. President Joe Welsh leads his cohorts against the forces of Vice-president George J. Hunter.

There are quite a few junior members starting with the club this season, playing the game for the first time. This is indeed gratifying to the officials, who have lowered the fees as an inducement. Everything points to a large membership. At the opening of the season around 1500 people responded to the invitation of the club and enjoyed golfing and the hospitality of the club.

Payne Stakes Won By White Plains  
NEWMARKET, England, May 12.—White Plains, a grey colt by Masau colt of Japanese, won the 15-mile Payne Stakes for three-year-olds at Newmarket on Thursday at two to one.

The winners played a fine brand of football throughout, with Clark, Blower and Fraser getting their goals.

Bennett Defeats Queen Alex. 3-0  
Bennett defeated the Queen Alexandra at a Midget Soccer League encounter at Bennett school grounds, Wednesday by a 3-0 count.

The winners played a fine brand of football throughout, with Clark, Blower and Fraser getting their goals.

Over 517,010,000 tons of coal were used for various purposes in the United States in 1930.

Approximately 968,484,000 barrels of oil were consumed in the United States in 1930.

Home accidents exceed those due to industry, and it is more dangerous to take a bath than to ride on a train, according to statistics.

The temperature of the earth increases 1 degree Fahrenheit for each 60 feet of depth, according to estimates.

Many heard this and turned thumbs down on the whole stunt.

Chicago, May 12.—Owner Louis A. Comar of the White Sox yesterday ordered his players to forget about making catches of baseballs from the 628 foot sky ride tower at the world's fair grounds.

Under an agreement made with world's fair officials, Al Simmons, Jimmy Dykes and "Red" Kress consented to try for a world's record catching championship today.

Teddy Lyons was to throw three balls to each player from the tower.

A mathematician said that a baseball thrown from 628 feet would be travelling 163.8 miles an hour and would strike with an impact of 697 foot pounds.

## AFISHIN'

By JIMMY DONAHUE

Live bait brings even much of their success to the way they put their fish food on the hook. That is particularly true of worms and minnows.

Some fishermen hook their live bait so thoroughly that it soon dies in the water and loses its appeal. The proper way to hook a worm is to loop it on the hook so that it completely covers the metal.

On days when fish are not biting, they steer clear of any bait where the hook is showing prominently. With an ordinary hook, hook, it is best to run it through the worm's body in three or four places, run the worm up the shank of the hook, and pin the end over the barb. This will completely cover the barb and shank.

In fishing with minnows, it isn't necessary to be so careful about disguising the hook. Run it through both lips of the minnow, or through the back behind the dorsal fin. These two methods of hooking will allow for plenty of action in the minnow.

Special worm gangs, minnow, frog and grasshopper harnesses, enable the angler to hook his live bait more naturally, but care in baiting the ordinary hook will bring good results.

There are 1200 archeological sites in Mexico.

## A Glove Sale Extraordinary! Clearance of New Fabric Gloves

A Manufacturer's Clearance — A Score of Styles — Values Ordinarily from 79c to \$1.00

Just the sort of fabric gloves you want are almost sure to be included — gloves with hand-sewn seams; gloves with a tailored look, or with fancy appliques; gloves in heavy materials, or in the novel open-work mesh; long gloves or trig short ones. SALE, PAIR, 59c.

**59c**

Black with white and white with black; the subtle costume shades; the colors best with tweeds, with summer dresses. Every pair is new — of perfect quality. Sizes from 6's to 8's in every type of glove if not in every style. SALE, PAIR, 59c.

—Glove Section, Second Floor

## Silk Ensembles

A Frock with a  
'Swagger' Coat

The jacket frock in a new, charming guise! A frock that wears a three-quarter or full length silk crepe coat. A dark crepe over a bright print, perhaps — or two matched prints — each a style success! A caplet sleeve, or a scarf give some of the coats a "different" air. Frocks are gay with a host of clever details. Sizes to 44. SATURDAY SPECIAL,

**\$8.95**
